STUDY OPENED!

Oxy-PICU officially opened to recruitment on 1 September 2020.

🎉 Congratulations to the team at Bristol Royal Hospital for Children for recruiting the first Oxy-PICU patient!

ICNARC team

Daisy Wiley is now on maternity leave, and Irene Chang is the new Oxy-PICU Trial Manager. You can contact Irene at irene.chang@icnarc.org.

Treatment targets

As a reminder, oxygen saturation target ranges for the study are:

- Conservative group: 88-92%
- Liberal group: >94% (95-100%)

Twitter

@OxyPICU

We are now on Twitter and will be sharing info on the study at #OxyPICU. Please feel free to get involved!

MACRO

The e-CRF web portal is now available for data input at https://ctu.icnarc.org/macro/. Please ensure that your pop-up blocker is set to allow pop-ups from this site, as the portal opens in a new window. For any queries, contact the Oxy-PICU inbox.

FAQs and Contact

We now have a FAQs document available which will be sent out to all sites and updated regularly. For any other questions, please do contact the ICNARC team;

**Oxy-PICU Study Team**

- **Email:** oxypicu@icnarc.org
- **Telephone:** 020 7269 9277
- **Website:** www.icnarc.org

Site set-up progress

**September**
- 10 site initiation visits completed (via Zoom)
- 9 sites opened to recruitment

**First half of October**
- 3 more site initiation visits completed
- 2 sites opened to recruitment (4 to go)
- 32 more randomisations

For sites that are open, please remember that your first screening log is due two weeks after your opening date, and fortnightly from then on.

Nominate a clinical champion!
Tell us about a team member with a short description of what they’ve done so we can recognise them.
