

# ProMISe Newsletter

Issue 1, March 2011

## First patient randomised!

Welcome to the first ProMISe Newsletter.  
ProMISe went live on 15 February 2011.

Well done to Phil Watt, Parizade Raymode, Nathan Spenser, Jan Szafranski, Aamir Tarique and Nigel Dunk from Kettering General Hospital for recruiting the **first** ProMISe patient on 16 February 2011!

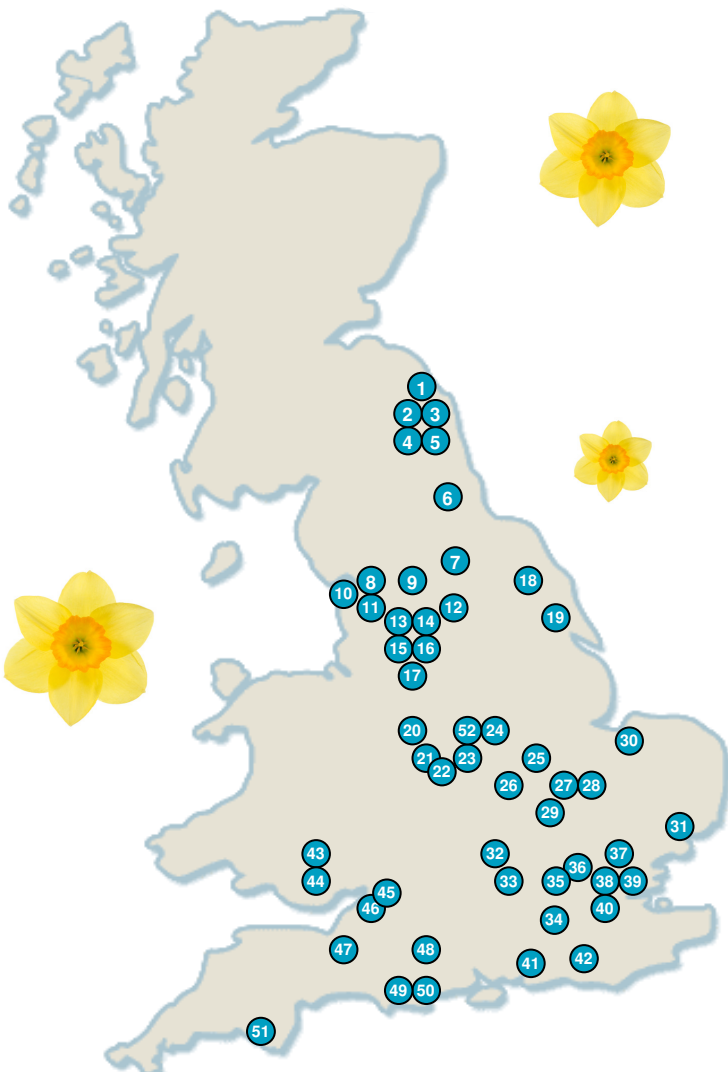

ProMISe Team, Kettering General Hospital

## Sites close to activation

---

- Hull Royal Infirmary
- University Hospital of North Staffordshire
- Whiston Hospital
- Worthing Hospital
- Royal Surrey County Hospital

## How to get started...

---

Prior to opening your Site to patient recruitment, the following processes/documentation need to be completed:

- local R&D approval (copy sent to the ICNARC CTU);
- Clinical Trial Site Agreement signed;
- Delegation of Trial Duties Log / Site Research Staff Contact Form completed (copies sent to the ICNARC CTU);
- Vigileo Monitor and PreSep catheters in place, and Vigileo Monitor checked by local clinical engineering department;
- training on the use of the Vigileo Monitor provided by Edwards Lifesciences, (and training log completed);
- attendance at a Site Initiation Meeting and receipt of an Investigator Site File (one file per Site);
- access to the ProMISe secure, dedicated, web-based data entry system (see protocol) approved;
- receipt of Site activation email, indicating that your Site is open to patient recruitment!

## Site Initiation Meetings

---

Most of you have attended or are booked to attend a ProMISe Site Initiation Meeting. If you are still yet to do so, please contact the ICNARC CTU ProMISe team at [promise@icnarc.org](mailto:promise@icnarc.org).

## CMP Annual Meeting

---

The Annual Meeting of the Case Mix Programme is taking place on **Thursday 7 April**. For those of you that are attending there will be a CTU stand and members of the ProMISe team will be available to answer any queries you may have, so please come and say hello!
